P.T.O.

Letter from the Collector of Bellary No. Roc. 1186/41-B4, dated the 29th March 1941.

Subject:- Malaria- Antimalarial operations- Bellary district- Siruguppa taluk and twon- Clearance of the distributary channel -Retention of the three temporary lascars for one year from 1-4-41 -Recommended.

In their order No.Ms. 1942 P.H. dated 26-5-39 (communicated with B.P.Routine 2477 dated 2-6-39), the Government sanctioned the employment of 3 lascars, commencing from the date of their employment and ending with 31-3-40, in connection with antimalarial measures necessary for the prevention of the breeding of mosquitoes in the distributory channels in the Siruguppa village in this district. The retention of this staff for a further period of one year from 1st April 1940 was sanctioned in the Board's proceedings Rt. No.1774/40 dated the 3rd April 1940 and the period expires by 31-3-41. Due to constant flow of water in the Distributory Channels, the rahk vegetation on the bunds of these channels grows in abundance and its clearance is necessary, as an antimalarial measure.

I therefore , request that necessary sanction of the Government may be obtained for the retention of the three temporary
/lascars for a further period of one year from 1-4-41. As the sanctioned period expires on 31-3-41, I am continuing the staff beyond that date, in anticipation of sanction.
